cttexindo

About the Company

- PT. Citra Talenta Texindo (CTT) is a leading textile and garment company based in West Jakarta, Indonesia. Established in 2010, we have become a trusted partner for various local and regional brands by providing high-quality fabrics and comprehensive garment production services (FOB).

- With an extensive vendor network and efficient production systems, we support your needs from initial design to final product with the highest quality and timely execution.

Our Mission and Vision

Mission

- Deliver professional services with high-quality standards
- Support brand growth through product quality and speed of service
- Maintain client trust through strong commitment and integrity

Vision

To become a leading textile company that provides comprehensive services in the textile and garment industry

Our Values

Customer Oriented

We put customer satisfaction at the center of everything we do. Our products and services are designed to meet each client’s expectations with tailored, timely, and high-quality solutions.

Deliver Results

We don’t just work hard—we work to deliver measurable outcomes. Timeliness, quality, and added value for clients are how we define success.

Innovation

We continuously seek new ways to improve processes, products, and services. Innovation is the key to staying relevant and ahead in the textile and garment industry.

Honesty

We build trust through transparency and integrity. In every transaction and communication, we uphold honesty as a core principle.

Team Work

We believe the best results come from collaboration. We foster a culture of support, mutual respect, and shared purpose across every level of the organization.

MOQ: 2.000yards/Color

Garment
+/- 50.000pcs/bulan
MOQ: 50 dozen/Article

Our PRODUCT LIST

(But not limited to)

Cotton Fabrics

Cotton is a versatile material known for its softness, breathability, and comfort. Ideal for everyday wear like t-shirts, shirts, and kidswear.
Examples: Cotton combed, cotton twill, cotton poplin, cotton voile.

Rayon Fabrics

Rayon is a semi-synthetic fabric with a silky feel and elegant drape, widely used for women’s fashion such as blouses, skirts, and dresses.
Examples: Rayon challis, rayon twill, rayon crinkle

Blended Fabrics

Blended fabrics combine two or more fibers (e.g., cotton-polyester) to achieve optimal comfort, durability, and ease of care. Used in fashion and uniforms.
Examples: CVC (cotton-viscose), TC (polyester-cotton), poly-rayon blend.

Our PRODUCT LIST

(But not limited to)

Dobby & Jacquard

Fabrics woven with intricate patterns directly into the material—no printing involved. Ideal for formalwear, modest fashion, and premium blouses.
Examples: Cotton dobby, rayon jacquard, poly-blend jacquard.

Yarn Dyed Fabrics

Fabric woven from pre-dyed yarns, creating crisp and long-lasting patterns. Commonly used in checkered shirts, striped fabrics, or casual trousers.
Examples: Gingham, oxford, yarn-dyed stripes.

Polyester Fabrics

Polyester is known for its strength, lightweight feel, and quick-drying properties. Commonly used in activewear, uniforms, and outerwear.
Examples: Microfiber, poly satin, polyester drill.

Our PRODUCT LIST

(But not limited to)

Knitted Fabrics

Highly stretchable and soft fabrics perfect for casual wear, t-shirts, leggings, or sportswear.
Examples: Jersey, pique, rib knit, baby terry.

Eco-Friendly Fabrics

Made from natural or recycled fibers through eco-conscious processes. Popular among sustainability-focused brands.
Examples: Organic cotton, bamboo rayon, recycled polyester (rPET).

Linen and Ramie Fabrics

Linen and ramie are lightweight, breathable natural fabrics with a luxurious texture and natural sheen. Known for excellent absorbency and airflow, they are ideal for summer fashion, resort collections, lightweight outerwear, and modern ethnic-inspired wear.
Examples: Linen-viscose blend, 100% linen, linen slub, ramie-cotton blend

Our Customers

Men’s & Women’s Fashion Brand

We collaborate with local and regional fashion brands that produce ready-to-wear apparel for men and women. These clients demand high-quality fabrics and production processes that reflect design precision and market trends.
Examples: formal shirts, blouses, outerwear, t-shirts, dresses, trousers, and jackets.

Institutional Uniform Providers

We serve vendors and companies that supply uniforms for various institutions—such as schools, hospitals, government offices, hotels, and factories. These clients prioritize durable, comfortable fabrics and high-precision bulk production.

E-commerce Brands & SMEs

We support online brands and small-to-medium enterprises (SMEs) producing apparel in medium to large volumes. With our sampling services and flexible minimum order quantities, we empower them to grow sustainably.
